Professional Experience

Muge Karslioglu is an accomplished Senior Executive and Advisor with more than 19 years of success across the supply chain, construction, logistics, information technology & services, cybersecurity, and facility management industries. Her broad areas of expertise include business development, strategy, leadership, and strategic planning. Muge has extensive experience in government contracting supporting companies in the capture, proposal management, planning, pricing, and other government services.

Muge held an executive leadership position as the Vice President of Business Development with Integrated Supply Chain Technology where she led business development and is responsible for federal procurement opportunities in the area of IT, O&M, Information Assurance/Security and selling the company's software product in supply chain for various sectors including but not limited to healthcare, manufacturing, and warehousing. She has also served as the Senior Vice President of Business Development with The Sandi Group, Inc. where she won contracts valued at \$500 million and played a key role in the development of strategic domestic and international business alliances with emphasis on expanding a business presence in Iraq and Afghanistan.

Muge earned her Bachelor of Arts in International Relations and Economics from George Mason University.
